

## Thorner's Church of England VA Primary School Assembly Themes, Summer 2<sup>nd</sup> half 2016

### Responsibility

*Throughout this half term we are reflecting on the value of Responsibility. We will remind children what a value is and ask them to share examples of responsibility that they have seen.*

Some questions we will consider:

- How are pupils encouraged to act responsibly in the classroom?
- Is there a school policy regarding responsibility for the environment?
- How much responsibility is the school council given to implement the decisions it makes?
- Are pupils encouraged to think about where responsibility lies for ethical issues that they encounter?
- Do pupils understand that attainment in the classroom tasks lies not only with the teacher but also with the individual?

Week beginning	Story/Resource	Hymns
